INTERMEDIATE CUP FINAL

MONARCHS v ESSEX CUBS

Hornsey Red Sox Ground, Muswell Hill, London, N.

SUNDAY, 17th SEPTEMBER, 1950 at 3.30 p.m.

The Southern Counties Intermediate competition was started this season, and is confined to teams other than those in the First Divisions of affiliated Leagues. So the winners this afternoon will become the first to hold the title.

Hearty thanks are extended to the Hornsey Club for permission to use their ground and for their assistance in other directions, which enables us to stage our Final on a neutral ground.

The Senior Cup Final between Hornsey Red Sox and Thames Board Mills will be played at Briggs Sports Ground, Victoria Rd., Dagenham, on Sunday next.

MONARCHS (WOKINGHAM)

Formed in late 1948 the Monarchs have had a short but varied career. The club is composed entirely of home-spun talent and at no time during the two seasons of its existence have the Monarchs boasted any Canadian or American players.

Last season the club suffered the humiliation of 26 consecutive defeats and only one win, but this year the boys have found their feet and to date have won 13 of the 23 played.

All the players started from scratch when the club was formed so it would be difficult to name any stars, the only new member being Al Robinson, an Army man ex-Merseyside Wildcats.

ESSEX CUBS

Though the Essex Baseball Club had two teams when formed in 1937 it did not re-start its second-string till last season. After an average season in 1949 the Cubs have achieved great success in 1950 and have won the Pitsea Cup in addition to their League championship. They contest their League Intermediate Knock-out Cup Final with Aveley Cubs next Sunday.

Like the Monarchs the Cubs are all English-born. Indeed, there is only one overseas player in the whole club. The team is coached by Jack Helliar and Slim Beckwith who have both played since 1935, but apart from these two and one other player the whole team is under 21.
